

Emanuel Brotherhood Sunday Breakfast and Speaker Program

Protecting Your Assets and Understanding Medicaid

Connecticut has the 2nd highest cost of long-term care in the nation. So unless you're planning to leave the state, you need to protect yourself and your retirement assets from long-term care costs.

Should you give your home to your children? How can you get assistance paying for nursing home and home care? How can you qualify for Medicaid benefits while keeping your assets? Can you receive home care instead of going to a nursing home?

If you know the rules and plan ahead, you **can** protect your hard-earned assets.

About the speaker:

With more than 10 years of experience assisting people who are in need of estate planning, asset protection and Medicaid planning, Attorney Lara Schneider-Bomzer understands her clients' needs for public benefits as well as their desire to protect their wealth for future generations. Because she knows the Medicaid rules and how to navigate the complexity of Medicaid eligibility, she is able to help her clients protect what they've worked so hard for. Lara is an attorney at the estate planning and elder law firm Czepiga Daly Pope & Perri.
