

## Lebed Committee Annual Report

The Beth Hillel Alex B. Lebed Family Fund was set up to be responsible for making distributions from the Fund to provide financial assistance for professional help for members experiencing psychological and/or emotional issues, with a preference to aid youth. Distributions may be made for professional counseling services, if there is a financial need, to assist a child or family in crisis. The individual and family is kept confidential.

This past year the Rabbi referred two requests to this committee. Only one of the applicants accepted financial assistance.

This is the distribution amount for this year, and it was for professional counseling. The payments from the Alex Lebed Fund were the follows:

11/2/2024	\$ 800
12/28/2023	\$1200
2/28/2024	\$ 600
Total	\$2,600

This committee, with its important purpose, has been invisible to the congregation. It is surprising since the Covid shut down there hasn't been more of a need. If you or someone you know could make use of this assistance, please contact Rabbi Small or myself for information and to get the ball rolling.
